Next Focus Meetings:

July 12: 6:45 PM
October 4: 6:45 PM
January 3: 6:45 PM

APRIL 2010 AN UPDATE ON THERAPEUTIC COMMUNITIES WITHIN THE DRAPER AND GUNNISON PRISON SITES

We offer three substance abuse treatment programs – Conquest, ExCell and HOPE. We have standardized the primary components of the substance abuse programs within Corrections while maintaining the safety and security for the residents and staff.

The programs work in a three-phase system, Orientation/Preparation, Substance Abuse treatment, and Aftercare. This month the spotlight is on **Phase Two** of the program(s).

Phase Two or the substance abuse treatment phase is the clinical treatment phase of the program. During this period, the residents attend intensive substance abuse treatment to include therapy groups, bi-weekly individual therapy sessions and continued psycho-educational and educational classes.

In addition to the substance abuse treatment they receive through our clinical staff, the residents still participate in some behavioral modification and substance abuse classes.

Women's Summit, an initiative of the Utah Department of Corrections (UDC), works from the premise that women have different pathways to prison than do their male counterparts and that programming and treatment needed to be designed to address these different pathways.

Women deserve to be empowered to determine their own future and live successfully and crime free in the community.

Summit partners include representatives from various community-based service agencies, both private and public; and various levels of state government.

Women's Summit co-chairs are Lee Liston, Programming Administrator, UDC and Kelly Colopy, Associate Director, Salt Lake County Human Services Department.

**We appreciate
your investment of
time in this
meeting and want
to know how we
can make it more
valuable to you.**
